

Mechanical Engineering (Advanced entry)

UHI Perth

Venues

Main Campus
Virtual Learning Environment (VLE)

Content

Mechanical Engineering is a highly relevant field involving products that affect our lives in countless ways, from the systems that maintain a flow of water to the faucet in your kitchen sink, to the spacecrafts that launch astronauts and satellites to far-flung parts of the solar system.

This program of study is designed to help you develop the skills and knowledge required to build a career as an engineer in a wide range of fields, including automotive, energy and aerospace, among others.

The degree is application-based, using industry-related software, and includes laboratory-based investigations as well as examining industry-based case studies that will provide you with the specialist mechanical knowledge and broad engineering education to turn your qualification into a lifelong career. You will also undertake an engineering project, which will showcase your skills and knowledge to prospective employers by solving an industry-related problem.

Start Date

September, January

Qualification

Degree

Study Method

Part time (day)

Award Title

BEng Hons

Course Length

4 years

Department

Energy, Engineering and Construction

Entry Requirements

HND Engineering Systems, or relevant HND

SCQF Level

10

Progression Routes

«ProgressionRoutes»

Combination Courses

«htmlCombinationCourse»

«htmlCombinationUCASCode»

Address

Crieff Road
Perth
PH1 2NX
