

# **Mechanical Engineering (Advanced entry)**

**UHI Perth** 

#### **Venues**

Main Campus
Virtual Learning Environment (VLE)

#### **Content**

Mechanical Engineering is a highly relevant field involving products that affect our lives in countless ways, from the systems that maintain a flow of water to the faucet in your kitchen sink, to the spacecrafts that launch astronauts and satellites to far-flung parts of the solar system.

This program of study is designed to help you develop the skills and knowledge required to build a career as an engineer in a wide range of fields, including automotive, energy and aerospace, among others.

The degree is application-based, using industry-related software, and includes laboratory-based investigations as well as examining industry-based case studies that will provide you with the specialist mechanical knowledge and broad engineering education to turn your qualification into a lifelong career. You will also undertake an engineering project, which will showcase your skills and knowledge to prospective employers by solving an industry-related problem.

#### **Start Date**

September

### Qualification

Degree

# **Study Method**

Part time (day)

### **Award Title**

**BEng Hons** 

# **Course Length**

8 years

### **Department**

Engineering, Construction and Technology

# **Entry Requirements**

**HNC/HND Engineering Systems** 

# **SCQF Level**

10

# **Progression Routes**

 ${\it ``ProgressionRoutes"}$ 

# **Combination Courses**

``htmlCombinationCourse''

``htmlCombinationUCASCode'

# **Address**

Crieff Road Perth PH1 2NX
