### Content

If you are looking for a career that is challenging, has opportunities for development and makes a real difference in people's lives then social services could be perfect for you.

This course combines the practical skills and theoretical knowledge required with a work placement, allowing you to take learning from the classroom into the professional world. This course is designed to meet the most current needs of the social services industry allowing graduates to work with a high degree of ability and confidence in the incredibly rewarding environments of social services.

Keeping in regular communication with the Social Services industry, Edinburgh College has developed a first-rate curriculum.

Areas of study within the programme include -

Mental Health; Dementia Care; Substance Misuse; Data skills; Human development; Professional development; Communication Skills; Work Experience.

The January start course will include:

Caring for people with dementia; Work placement; Communication; Substance use and misuse; Care values and principles.
