Psychology

University of Dundee

Venues

City Campus

Content

Psychology is the scientific study of the mind and behaviour. Topics we cover include how babies learn, the way in which people's mental skills change as they grow older, personality types, and social group dynamics. You will also study different psychological disorders.

You will also learn how to think critically and to solve problems. We will teach you to analyse data, write clearly and effectively, and be a confident communicator of science. You will learn how to plan, implement, and analyse your own research project.

At Levels 1 and 2 you'll also study additional humanities or social science subjects, such as English, History, Geography, or Politics.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

MA Hons

UCAS Code

C801

Course Length

4 years

Faculty

School of Humanities, Social Sciences & Law

Department

Psychology

Entry Requirements

2027 entry requirements:
4 Highers at BBBC (BBCC for widening access entry).

SCQF Level

10
