

Business Management and Spanish

Open University in Scotland

Content

Combine business management with Spanish and gain a solid grounding in both subjects. You'll explore key concepts in business management and develop competence in Spanish. You'll see how businesses develop strategies and make decisions, and gain insight into functions such as marketing and accounting. By studying Spanish alongside business management, you'll open doors to other Spanish-speaking cultures and communities, gaining access to the global workplace. With flexible study options and a named diploma that reflects your Spanish, you'll graduate with a distinctive mix of skills for employment, international opportunities or further study.
