

Nursing (Learning Disabilities)

Open University in Scotland

Content

Learning Disabilities is one of several specialist routes available in the BSc (Honours) Nursing.

If you want to become a registered nurse within this field, and are already working in a healthcare role, this unique practice-based qualification is for you. You'll be able to stay in work while you study – provided you have the support of your employer and suitable practice can be agreed.

In addition to Learning Disabilities, your study will include a number of additional nursing specialisms including Adult Nursing, Children and Young People, and Mental Health. Successful completion of your degree through this route will result in your eligibility to apply for registration as a qualified nurse with a specialism in Learning Disabilities.
