Content

It is widely recognised that statistics play an essential part in planning, control and communication within an organisation. This Unit is designed to provide you with the knowledge and skills for further study or employment in an administrative or IT environment, and will introduce you to statistical concepts and descriptive statistics commonly used in business. It is an optional Unit within HNC/HND Administration and Information Technology courses, but is also included within other HN Group Awards or can be taken as a stand-alone unit.

Credit points and level: 1 HN credit at SCQF Level 8: (8 SCQF credit points at SCQF Level 8)
