

Applied Petroleum Geoscience

Heriot-Watt University

Venues

Edinburgh Campus

Content

The Applied Petroleum Geoscience programme is a unique programme in subsurface geoscience and exploration at Heriot-Watt University. The programme mainly focuses on exploration petroleum geoscience, but it is closely linked with other MSc programmes and research groups in petroleum engineering and reservoir geology at the Institute of Petroleum Engineering, Heriot-Watt University. The programme is also applicable to non-petroleum subsurface geoscience subjects, such as CO₂ storage and groundwater flow.

Start Date

September, January

Qualification

Postgraduate Master's

Study Method

Full time

Award Title

MSc

Course Length

1 year

Faculty

School of Energy, Geoscience, Infrastructure and Society

Department

Institute of Petroleum Engineering

Entry Requirements

Masters (MSc) level entry applicants must have one of the following:

Minimum of 2:1 honours degree or equivalent academic qualification in a related subject area; For postgraduate conversion courses, non-related degrees will be considered; Corporate (or chartered) membership of relevant professional institutions will also be considered

SCQF Level

11

Address

Edinburgh
EH14 4AS
