

## Environmental Science

University of Dundee

### Venues

City Campus

### Content

Studying Environmental Science at Dundee provides you with the opportunity to explore the problems associated with the interaction of humans and the natural environment, focusing on topical and relevant issues such as climate change, pollution of land and water and the management of natural resources.

You will benefit from exposure to methods, facilities and research agendas that span the environment – from life sciences including chemistry and biology, through hydrology, remote sensing, geology, geomorphology, oceanography and physics, to environmental planning and management. This provides a firm and rigorous foundation for your career in the environment.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

F750

### Course Length

4 years

### Faculty
