

## Global Mental Health

University of Glasgow

### Venues

Gilmorehill Campus

### Content

When it comes to investment, mental health trails far behind other fields of health care. This online Global Mental Health Masters emphasises the important role that social and cultural factors play in how mental health difficulties can be understood and treated across the globe. It is designed to produce graduates who can take charge of mental health service provision at a global level. This programme opens a world of opportunity for passionate people to create sustainable strategies, address the treatment gap and actively lead positive change in the treatment of mental health issues.

You can exit after the end of 12 months with PgCert Global Mental Health.

You can exit at the end of 24 months with PgDip Global Mental Health.

### Start Date

January, April

### Qualification

Postgraduate Master's

### Study Method

Distance and Flexible learning

### Award Title

MSc

### Course Length

24 - 30 months

### Faculty

College of Medical, Veterinary and Life Sciences
