Content

The University of Stirling MSc Investment Analysis has a world-class reputation and is the UK's longest-established postgraduate course in the field. It is also one of very few masters degrees in the UK to be recognised as an affiliated university under the Chartered Financial Analyst (CFA) Institute University Affiliation Program (UAP).

You will study the use of qualitative and quantitative techniques to value investments, and will develop and evaluate portfolio management strategies. You will also develop the ability to extract essential information from financial reports, understand risk management tools, assess macroeconomic and financial market trends, and analyse financial data relating to investments.
