

## Healthcare Practice

Dundee and Angus College

### Venues

Gardyne Campus

### Content

This course aims to develop knowledge of providing patient care. Learners will study the professional standards and the psychological and sociological aspects of care. They will gain a good understanding of the anatomy and physiology of the human body and both mental and physical disease processes. A work placement will be undertaken.

### Start Date

August

### Qualification

HNC

### Study Method

Full time

### Course Length

1 year

### Department

Health and Social Care

### Entry Requirements

2 relevant Highers, English preferred; or relevant national qualifications at SCQF Level 6. A qualification in Biology or Anatomy and Physiology would be an advantage. Written test.

You will require a satisfactory criminal record check from Disclosure Scotland to show that you are suitable for this type of course. Contact Disclosure Scotland for details on the type you would need.
