

## Biology (National 5)

Fife College

### Venues

Dunfermline (Halbeath) Campus

### Content

Biology, the study of living organisms, plays a crucial role in our everyday existence and is an increasingly important subject in the modern world. Biology affects everyone and aims to find solutions to many of the world's problems.

Advances in technologies have made this varied subject more exciting and relevant than ever. Biology courses should encourage development of skills and resourcefulness which lead to becoming a confident individual. Successful candidates in biology think creatively, analyse and solve problems. Studying relevant areas of biology such as health, environment and sustainability produces responsible citizens.
