

# International Business Management (Accelerated)

Heriot-Watt University

## Venues

Edinburgh Campus

## Content

During this accelerated degree, you will acquire crucial transferable skills including critical thinking, problem-solving, communication and team working. You will also develop creativity skills and will build on your confidence and research abilities which will help you succeed in your career and personal life.

Through years one, two and three of this accelerated programme, you'll gain knowledge, understanding and subject skills related to the principles and practice of modern business management. You will be provided with opportunities to explore and develop links with industry, which will prepare you for employment in a variety of management careers.

Each course will equip you with highly employable expertise and skills across business management. Throughout this degree, you'll have the opportunity to choose optional courses – such as talent management, project management, consumer behaviour and innovation management – to customise your learning and develop your professional interests. Your dissertation will allow you to engage in an independent in-depth critical examination of a particular business management topic, in which you wish to specialise.?
