

## Adult Nursing

Robert Gordon University

### Content

Providing you with the knowledge and skills to support the health and wellbeing of adults in a variety of contexts including hospital and home settings.

In Year 1 and 2 your learning will be generic to all nursing fields so you're confident in providing essential care to everyone regardless of their age or ailment.

Year 3 focusses on integrating the knowledge, skills and attitudes necessary for working autonomously in the adult nursing field. You will explore a range of mental, physical, cognitive or behavioural health challenges in a variety of contexts, whilst also developing your management, leadership, teaching and research skills in the healthcare environment.

You will learn how to be critical in your discussions and use evidence to support your ideas and learning.

Learning themes include science, complex health needs, collaborative multi-agency working, person-centred care, health and wellbeing, research, finance, ethics, teaching and learning theories and pharmacology.

Practice learning experiences are integrated into the course from Year 1, initially exposing you to care opportunities of people across the lifespan prior to focusing on care delivered to adult patients. These placements will allow you to contextualise your learning in the adult nursing field whilst developing your professional knowledge and understanding.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc (Hons)

### UCAS Code

B743

### Course Length

4 years

## Department

School of Nursing, Midwifery and Paramedic Practice

## Entry Requirements

2022 entry requirements:

Standard entry: 4 Highers at BBBC (3 - 4 Highers at BBC/BCCC for widening access entry) including English or an English based subject plus English, Maths and a science subject at National 5 (if not held at Higher).

Applicants will be invited to attend a selection event. This will take the form of a tour of the facilities, an opportunity to meet academics and practitioners and an interview.

Acceptance to all Nursing and Midwifery courses is subject to a health and immunisation screening. You will require a satisfactory criminal record check from Disclosure Scotland to show that you are suitable for this type of course. Contact Disclosure Scotland for details on the type you would need.
