

Applied Science (Level 6)

Inverness College UHI

Venues

Inverness Campus

Content

This course is designed for those who wish to pursue a career in a science-related profession. Using state-of-the-art laboratory facilities, this course provides valuable experience, knowledge and technical skills for working in a science lab environment. There is a strong emphasis on the development of good technical skills through practical work, lectures and case studies.

The programme includes experience of working in a laboratory and the opportunity to study aspects of biology, chemistry, physics and mathematics.
