

## Application of Maths (National 5)

Argyll College UHI

### Venues

Arran Centre  
Campbeltown Centre  
Dunoon Centre  
Helensburgh Centre  
Islay Centre  
Lochgilphead Centre and CERC  
Oban Centre  
Rothesay Centre  
Tobermory Centre  
Virtual Learning Environment (VLE)

### Content

The National 5 Applications of Mathematics course explores the applications of mathematical techniques and skills in everyday situations, including financial matters, statistics, and measurement. The skills, knowledge and understanding in the course also support learning in other curriculum areas, such as technology, health and wellbeing, science, and social studies.

The following provides a broad overview of the subject skills, knowledge and understanding developed in the course:

Analyse real-life situations and problems involving mathematics; identify valid mathematical operational skills to tackle real-life situations or problems; select and apply numeracy skills; select and apply skills in finance, statistics, measurement, geometry, graphical data and probability; use mathematical reasoning skills to draw conclusions or justify decisions; communicate mathematical information in an appropriate way

It is important that National 5 Maths candidates devote regular time to revision and independent study outwith class, as it is not possible to achieve success only by attending the weekly classes and tutorial.

### Start Date

September

### Qualification

National 5

### Study Method

Distance and Flexible learning  
Part time (evening)

## Course Length

1 year

## Department

Humanities

## Entry Requirements

National 4 or Core 3 Maths. Entrance test.

## SCQF Level

5

## SCQF Points

«SCQFPoints»

## Progression Routes

Successful candidates will be able to progress to a range of qualifications including Higher Mathematics. National 5 Mathematics is also a prerequisite for entry to teacher training programmes.
