

Applications of Mathematics (National 5)

Inverness College UHI

Venues

Inverness Campus

Content

National 5 Applications of Mathematics is a practical 9 month course designed to extend numerical mathematical skills across a variety of real-life applications. The course places less emphasis on mathematical theory than National 5 Mathematics, and instead focuses on problem solving, risk assessment, and making informed decisions based on mathematical reasoning and the results of computations.

If you require a mathematics qualification at level 5 but are looking for an alternative to National 5 Mathematics, then National 5 Applications of Mathematics may be for you.

Start Date

August

Qualification

National 5

Study Method

Part time (day)

Course Length

1 year

Department

Science and Environment

Entry Requirements

National 4 Mathematics

SCQF Level

5
