

Introduction to Engineering and Construction (Level 4)

UHI Outer Hebrides

Venues

Outer Hebrides Campus
Virtual Learning Environment (VLE)

Content

This course is directed at school leavers or anyone interested in a career in Engineering or Construction. It will combine construction & engineering subject areas with the addition of core skills in Maths, English, and IT.

National 4 Maths will be included within the core skills offer. This pre-apprenticeship training course and broad subject range will enhance employability and offer a suitable progression route to apprenticeships or NC level 5 studies.

Start Date

January

Qualification

Other

Study Method

Full time
