

## Computer Games Design (including introduction to Esports) (Level 4/5)

North East Scotland College

### Venues

Aberdeen City Campus  
Fraserburgh Campus

### Content

This course will introduce learners to the genres, trends and emerging technologies of the computer games industry. This course provides a foundation in techniques that are important to the sector, such as digital planning and design, creation of media assets, and development and testing — while also developing employability skills and Core Skills through enterprise activities.

Level 4/5 students will have an introduction to Esports, will explore video game characters, narrative design, creating an Esports brand, organising an Esports tournament and live-stream broadcasting.
