

Computing: Software Development (NextGen)

North East Scotland College

Venues

Aberdeen City Campus

Content

Students will learn programming languages including Python, SQL Database, NoSQL and Software Development, preparing you for a career in this ever changing industry.

There is a focus on human-computer interaction and making your programmes and software more user friendly. Smart home devices such as the Amazon Alexa, Google Home and even the Apple Homepod were developed using the skills you will learn on this course. Students will also be able to take part in exciting software events such as the Hackathon which are hosted at our partner universities.

Start Date

August

Qualification

HND

Study Method

Full time

Course Length

1 year

Department

Computing

Entry Requirements

HNC Computing (NextGen)
