

## Electrical Engineering

University of the Highlands and Islands

### Venues

Inverness College UHI  
Virtual Learning Environment (VLE)

### Content

Are you employed in electrical engineering or electrical installation? Are you looking for an opportunity to expand your knowledge and understanding? Whether you've just completed your apprenticeship or you already have a number of years' experience under your toolbelt, this programme may have something to offer you. Offered to employees at the request of employers, you may already have strong support to pursue these studies.

The course, by Day Release, provides you with a programme of study in electrical engineering subjects to help you develop your skills and knowledge. The course is open to all who are interested and qualified to apply, however its focus is on building knowledge in electrical theory, systems and apparatus, particularly for those employed in such areas.

### Start Date

September

### Qualification

HNC

### Study Method

Part time (day release)

### UCAS Code

026H

### Course Length

2 years

### Department

Energy, Engineering and Construction

### Entry Requirements

Higher Maths, Physics or a technological subject plus 3 subjects at National 5 including English, Maths, Physics or a scientific or technological subject. Or relevant national qualifications at SCQF Level 6.

## SCQF Level

7
