

## Engineering Systems (Level 6)

North East Scotland College

### Venues

Fraserburgh Campus

### Content

This course provides you with the opportunity to study differing engineering disciplines allowing you to make an informed decision on the right progression path towards higher engineering qualifications.

The course will deliver the principles of mechanical, electrical and instrumentation engineering.

You will experience a degree of specialisation in relevant areas of engineering and process technology to support your progression needs.

### Start Date

August

### Qualification

NC

### Study Method

Full time

### Course Length

1 year

### Department

Engineering

### Entry Requirements

Maths at National 5 at A or B; or NC Engineering: Renewables (Level 5); or other relevant national qualifications at SCQF Level 5.

### SCQF Level

6

### SCQF Points

«SCQFPoints»

## Progression Routes
