

## Healthcare Practice

North East Scotland College

### Venues

Aberdeen City Campus

### Content

The purpose of this course is to prepare our future healthcare professionals to thrive within today's health and social care services. You shall be provided with the skills, knowledge and critical ability to provide person-centred care.

Overall, you will mainly work with people over the age of 16 years old. You will work with individuals, families and communities to promote health and wellbeing, prevention of ill health and enabling people to maintain and improve their mental and physical health. You will be expected to support individuals through all stages of the life cycle including end of life and palliative care.

### Start Date

August

### Qualification

HNC

### Study Method

Full time

### Course Length

1 year

### Department

Care

### Entry Requirements

2 Highers including a science subject, preferably Biology; or Advanced Health and Social Care (Level 6); or other relevant national qualifications at SCQF Level 6.

You will require a satisfactory criminal record check from Disclosure Scotland to show that you are suitable for this type of course. Contact Disclosure Scotland for details on the type you would need.
