

Computing with Electronic Engineering

Open University in Scotland

Content

This combined degree develops your skills in and understanding of computing and electronics. These two areas underpin most aspects of the way we live. Gain a sound grasp of the principles of hardware-based, software-based, or systems-based technologies. Developing computing skills alongside knowledge of electronics opens up exciting career opportunities. You'll be able to apply your knowledge and skills in a range of industries and organisations. It also incorporates transferable skills applicable to professional development in the field.

Start Date

October, February

Qualification

Degree

Study Method

Distance and Flexible learning

Award Title

BSc Hons

Progression Routes

On successful completion of the required number and type of modules you will be awarded a Bachelor of Science (Honours) Computing and IT degree. Depending on which modules you choose the Computing and IT degree may help you to obtain professional recognition from BCS – the Chartered Institute for IT, or from the Institution of Engineering and Technology (IET). Both are professional bodies established by royal charter.
