

Computing and IT and a second subject

Open University in Scotland

Content

Computing & IT studied with a second subject can open career opportunities in various sectors. This degree combines computing and IT and a complimentary subject – choose from business, design, mathematics, psychology and statistics. You'll divide your time equally between the computing and IT modules and the second subject modules. So, the name of your degree will include your second subject, e.g. BSc (Honours) Computing and IT and Design.

Start Date

October, February, April
