

## Computing and IT and a second subject

Open University in Scotland

### Content

Computing and IT studied with a second complementary subject can open careers in a wide range of sectors. This degree combines computing and IT and a second subject: business, design, mathematics, psychology or statistics. You'll divide your time equally between the computing and IT modules and the second subject modules. The name of your degree will include your second subject. For example, BSc (Hons) Computing and IT and Business.

### Start Date

October, February, April

### Qualification

Degree

### Study Method

Distance and Flexible learning

### Award Title

BSc Hons

### Course Length

Flexible
