

Computing with Electronic Engineering

Open University in Scotland

Content

This diploma develops your skills in and understanding of computing and electronics. These two areas underpin many aspects of the way we live. Gain a foundation in the principles of hardware-based, software-based, or systems-based technologies. Computing skills with knowledge of electronics provides an excellent platform for IT-related careers. It also incorporates transferable skills applicable to professional development in the field.

Start Date

October, April

Qualification

DipHE

Study Method

Distance and Flexible learning

Course Length

Flexible

Faculty

General

Department

Engineering
