Venues

Aberdeen City Campus

Content

The National Progression Award (NPA) in Photography is designed to develop your knowledge and understanding in practical photography, and is aimed at those who may want to explore their interest in the subject and perhaps progress to more advanced studies at a later stage.

The content of the course will promote your confidence in everyday photography skills, in particular focusing on gathering and selecting images, identifying key components, labelling and storing digital files and mounting and presenting final images. You will use simple automatic camera functions to capture high quality images, and work with peers to evaluate your work.
