

AI and Data Science

Glasgow Caledonian University

Content

Students will develop an in-depth awareness and understanding of industrially relevant subjects such as machine learning, data visualisation and big data and IoT. Develop a theoretical understanding and practical knowledge of artificial intelligence and data science and apply this to create intelligent solutions to real-world problems.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

G510

Course Length

4 years

Faculty

School of Computing, Engineering and Built Environment

Department

Computing
