

## Accident Repair Body Principles Diploma Level 5/6

UHI Perth

### Venues

Main Campus

### Content

The course is designed so that you can study for three years to achieve a Level 3 in both Vehicle Body Repair and Vehicle Refinishing. This allows students to choose which route they might prefer and provide them with a diploma in both disciplines. The department is equipped to a high standard, including the latest collision repair technology including welders and alignment equipment. This provides an environment that mirrors the modern vehicle repair industry.

Content:

You will study towards Level 3 vehicle body repair. This will include using computerised chassis alignment to rectify vehicle chassis deformation, repairing extensively damaged vehicle body panels, resistance and mig brazing welding techniques on modern vehicle construction and mig welding to British standards.

### Start Date

September

### Qualification

Other

### Study Method

Full time

### Course Length

1 year

### Department

Engineering, Construction and Technology

### Entry Requirements

2 subjects at National 4, or relevant national qualifications at SCQF Level 4. Aptitude test.
