Painting and Decorating (NPA)

South Lanarkshire College

Content

The NPA Level 5 in Painting and Decorating course is designed to provide students with the essential skills and knowledge required to pursue a career in painting and decorating within the construction industry. This qualification is ideal for those who aspire to work as painters, decorators, or in related roles within the built environment sector.

Students will build on their skills developed in our Level 4 Introduction to construction course, or prior work based experience.
