

Advancing Practice in Occupational Therapy (Post-Registration)

Queen Margaret University

Content

The MSc Advancing Practice in Occupational Therapy (Post-Registration) builds on the success of the former post-registration master's in Occupational Therapy. It is a programme designed to support practitioners to develop and advance their practice across a variety of contexts. The programme highlights the transformational role of education that will equip occupational therapists to develop and promote sustainable and progressive practice.

You can exit with an MSc, PgCert or PgDip.
