

## Biomedical Sciences

University of Glasgow

### Venues

Gilmorehill Campus

### Content

Crucial for clinical diagnosis of diseases and appropriate treatment of patients, Biomedical Science is vital to the operation of the NHS and related health industries. Largely based on individual research projects rather than coursework, the MRes allows you to specialise in a particular area of study. Especially useful if you want to proceed to a PhD.

### Start Date

September

### Qualification

Postgraduate Master's

### Study Method

Full time

### Award Title

MRes

### Course Length

12 months

### Faculty

College of Medical, Veterinary and Life Sciences

### Department

School of Life Sciences

### Entry Requirements

A second class Honours degree or equivalent (GPA of 3.0 or above) in a relevant subject. Professional experience may be taken into account.
