Content

The CIPS Level 6 Professional Diploma in Procurement and Supply is for those who want to specialise in a specific occupation, occupational area or technical role. It represents the final level of qualification required by those who are working towards MCIPS Chartered Procurement and Supply Professional, which is recognised worldwide as the professional standard for procurement and supply practitioners.

The course will build on the knowledge and skills learned at the CIPS Level 5 Advanced Diploma in Procurement and Supply.

This qualification supports individuals who are working at or aspiring to the Professional level of the CIPS Global Standard for Procurement and Supply. It is designed for experienced members of the profession who are expected to lead procurement teams within an organisation and influence the board to adopt leading-edge procurement strategies thereby establishing best practice.
