### Content

HNC Healthcare Practice will give you the necessary knowledge and skills to work in many health and allied health fields both in the NHS and in private or social care settings. During the course you will undertake a clinical placement within the NHS acute sector at Greater Glasgow and Clyde Health Board. The course will give you the skills to pursue a career at Senior Healthcare Support Worker Level or to progress to university to a variety of nursing or allied health undergraduate degree programmes.

There may also be the opportunity for advance entry to year 2 of a number of health/nursing degrees.

This course is delivered part-time on a Tuesday and Thursday evening over a 2 year period.

The units you will cover on this course are:

Safe working practice for care; Therapeutic relationships; understanding behaviour; Sociology and health in Scotland; Professional standards for care practice; The human body in health and illness; Clinical skills for care practitioners; Understanding personal and professional development; Exploring mental health; Graded unit.
