

Human Biology (Higher)

Forth Valley College

Venues

Falkirk Campus

Content

This course provides participants with a broad-based, integrated study of a wide range of biological topics which build on the concepts developed in the Standard Grade and Intermediate 2 Biology courses.

Participants will acquire knowledge and understanding of biological concepts, facts, ideas and techniques and the applications of biology in society and industry. The course will give students skills in problem solving, practical abilities associated with biology and will develop positive attributes such as being open minded and being willing to recognise alternative points of view.

Start Date

August

Qualification

Higher

Study Method

Part time (evening)

Course Length

1 year

Department

Highers

Entry Requirements

National 5 Biology or relevant national qualifications at SCQF Level 5.
