Content

The National Qualification in Music (Guitar) is designed for emerging players who want to build skills across pop, rock, and indie genres. It's perfect for school leavers, adult returners, or those already active in the music scene.

Over one full-time year, you'll perform, record, and create original material in a professional setting, rehearsing regularly and performing in venues around Glasgow. Alongside technical guitar lessons, you'll explore composition, theory, and digital recording software. You will also collaborate with Music Business and Music Performance students to develop and showcase original work.

It's the ideal starting point for anyone aiming to progress to HND Music or develop as a gigging guitarist.
