Content

The National Qualification in Music (Piano/Keyboard) is ideal for those keen to develop performance skills in pop, rock, and indie genres. It's suited to school leavers, adult returners, and working musicians looking to strengthen their technical ability and confidence.

During this one-year, full-time course, you'll perform and record regularly, work with other students, and learn to use digital recording software creatively. You will also collaborate with Music Business and Music Performance students to develop and showcase original work.

You'll build your understanding of chords, harmony, and performance technique across piano and keyboard.
