

## Mathematics (Higher)

City of Glasgow College

### Venues

City Campus

### Content

This is a fast-track course, suitable for you if you have the National 5 Mathematics course or an equivalent qualification. You will develop skills in selecting and applying mathematical techniques in a variety of mathematical situations. These skills will enable progression to further learning and employment. You will experience an in-depth study of the ways in which mathematics describes our world, and become skilled in interpreting, analysing, communicating and managing information in mathematical form.

As this is a fast track course, it is best suited to independent, self-motivated students who can work to a fast schedule, and dedicate 3-6 hours per week outside college to self-study every week.

### Start Date

August

### Qualification

Higher

### Study Method

Part time (evening)

### Course Length

32 weeks

### Department

Adult Learning and Supported Programmes

### Entry Requirements

National 5 Maths

### SCQF Level

6

### Progression Routes
