

Transitions Programme (Level 3)

City of Glasgow College

Venues

City Campus

Content

This course is designed for students with an Autistic Spectrum Diagnosis who require some support in making a successful transition to Further Education.

This course varies slightly from year to year as we respond to student needs. We try to find a balance of subjects that you want to learn and those that you need to learn in order to succeed in an adult learning environment.

A key part of the course is regular 1:1 guidance to ensure you are on track, and this ensures that we take a proactive approach to help students manage their next transition – usually to Mainstream programmes at NC or HN.

You can have up to two years on Transition, but progression is not automatic and depends on progress made.

Please note that this is not a purely academic course. Students who wish to focus on academic qualifications only should not apply.

Qualification

NQ

Study Method

Full time

Course Length

1 year

Department

Adult Learning and Supported Programmes

Entry Requirements

Core Skills profile at SCQF 3 or above. You should be aware of your own diagnosis and be able to travel independently.

SCQF Level

3
