Computer Science and Diploma in Industrial Training

Heriot-Watt University

Venues

Edinburgh Campus

Content

Computer Science provides you with a comprehensive foundation to understand, design and implement cutting-edge computer software and systems. This prestigious programme is intricately designed using insights from industrial partners and their industrial needs to give you the necessary modern skills in this fast-moving field.

The Computer Science programme will introduce you to the core concepts and allow you to develop strong practical skills while nurturing your professional skills in problem-solving and project work. This programme is aimed at empowering you to design systems, craft robust software and pioneer innovative technologies.

If you want to start your career with a year's work experience in hand, then you should consider this course. It combines the rigorous studies of the BSc (Hons) Computer Science with a year of work placement in level 4. This means 12 months of experience working in an organisation in the computing sector by the time you finish your degree.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

Q2P3

Course Length

5 years

Faculty

Science, Technology, Engineering and Mathematics (STEM)

Department

Computer Science

Entry Requirements

2027 entry requirements

4 Highers at ABBB (Standard entry) or BBBC (Widening access entry) including Maths plus English at National 5.

For entry to year 2 you would require 3 Advanced Highers at BBB including Maths and Computing Science plus above.

SCQF Level

10
