

Computing: Software Development (2nd year entry)

Borders College

Venues

Scottish Borders Campus

Content

Currently in Scotland there is a shortage of skilled software developers. This course offers an introduction to software development. It will introduce you to a range of subjects and skills that will lead you to the design and development of good quality software.

You will learn programming languages that will prepare you for a career in this ever changing industry, as you focus on design, implementation and testing of your programs.

Start Date

August
