

Architectural Technology (Advanced entry)

UHI Inverness

Venues

Inverness Campus
Virtual Learning Environment (VLE)

Content

If you are passionate about architecture and the technology that surrounds design in the built environment, then this innovative BSc (Hons) Architectural Technology course is for you.

You will gain the theoretical and project-based skills required within a modern architectural practice, including an excellent understanding of managing projects from conception through to completion.

The course combines simulated design office practice, site visits and regular project work to ensure that you gain the necessary skills demanded by the architectural industry, such as building information modelling and technical design.

Start Date

September

Qualification

Degree

Study Method

Part time (day)

Award Title

BSc Hons
