

Create Me: Cyber Security in a Digital World (Level 4)

UHI Inverness

Venues

Inverness Campus

Content

Technology affects the way we live, socialise and play. Computing and IT skills are essential in today's workplace. This CREATE ME course will help students start a path that can lead to a variety of computing-related careers. The main focus is teaching learners key skills in Cyber Security where learners will develop technical skills in data security, digital forensics and ethical hacking. Throughout the course emphasis is on the development of employability skills and attitudes valued by employers.
