

Psychology (PDA)

West College Scotland

Venues

Greenock (Waterfront) Campus

Content

This course will allow you to develop an understanding of Psychology and its contribution to the modern world and human behaviour.

You will develop an open-minded, critical and evaluative approach to studying Psychology, as well as gathering good examination techniques and research skills. You will see the importance of evidence based research when investigating human behaviour.

You will be introduced to competing views, perspectives, theories and evidence relating to the fascinating area of Psychology.
