Tobermory Centre  
Virtual Learning Environment (VLE)

### Content

Geography is the study of the Earth and the link between physical and human landscapes. It explores the inter-relationships between people, place and the environment and how these vary across and between places. Our BA (Hons) Geography considers these links from a humanities and social science perspective, focusing on issues such as land use, planning and development, globalisation, climate change, energy, and tourism, in order to examine human relationships with the environment.

This course will provide you with the knowledge and skills to understand many aspects of our rapidly changing world, enabling you to tackle real-world problems in a range of organisations and sectors, and with a broad curriculum, created to develop both your specialist and transferable skills.

### Start Date

September

### Qualification

Degree

### Study Method

Distance and Flexible learning  
Part time (day)

### Award Title

BA Hons

### Course Length

8 years

## Department

Humanities and Social Sciences
