Content

The rationale for this award is to enable students who have completed the NQ 6 Childhood Practice (Vocational Route) to gain further qualifications and experience in an early years setting.

This course is specifically for students who have achieved the NQ Childhood Practice (or similar course) and require a further year to develop vocational skills. The course will build on the NQ 6 Childhood Practice and enable the successful student to move towards a qualification that enables registration with SSSC as an Early Year's Practitioner.
