Content

Are you interested in archaeology but wish to focus on the scientific elements of this field of study? If so, the BSc (Hons) Archaeological Science could be perfect for you.

This exciting new degree complements our existing archaeology programmes by exploring the range of science-based methods that form an integral part of archaeological research, from archaeobotany to zooarchaeology.

On this course, you will receive high-quality, research-led teaching from staff engaged in world-class research on projects from various locations. Through this, you will develop scientific skills and knowledge through a range of science-orientate modules. You will participate in a range of activities during your degree studies including: taking part in world-ronowened archaeological excavations, laboratory-based study, fieldschools, and actively engaging in research. There are also options ot study abroad in your third year of study at one of our academic partner in Canada or the USA.

Start Date

September

Qualification

Degree

Study Method

Part time (day)

Award Title

BSc (Hons)

UCAS Code

V400
