

Construction - Access to the Industry

New College Lanarkshire

Venues

Motherwell Campus

Content

This training programme incorporates two distinct practical trades, Bricklaying and Painting & Decorating. Introducing a variety of employer focussed activities, we aim to better prepare students to enter the construction workforce and provide a pathway to sustained employment, possibly leading to a long-term career.

The programme is perfect for students with no practical experiences and are unsure of the routes to starting work in construction.

You will undertake a number of units including:

Employability and Behavioural Skills; Bricklaying; Painting and Decorating.

Start Date

August

Qualification

Other

Study Method

Full time
